The Baltimore-based Lady Lavender hails from Southern California, with her formative DJing years spent in New Orleans where she established herself as a formidable selector. A DJ and party-starter with a formal dance background, her selections & musical style go back to the source: the dance floor & the dancers. With an expert and measured touch, her sets are precisely crafted for the setting & the hour. Over the years she has played direct support for renowned globetrotting artists including Helena Hauff, Avalon Emerson, Maya Jane Coles, and Mall Grab, and has played around the US in cities such as NYC, Austin, San Francisco, Detroit, and Philadelphia. A frequent and prolific collaborator, Lady Lavender's other projects include Secret Handshake, -N*S*F*W, and Hast du Feuer, spanning many facets of her artistry.
